## ***FIRST* Consent Form Revisions Overview**

*FIRST* has revised the Consent and Release Form with several goals in mind: 1) simplifying the process by creating a unified form; 2) collecting participant data to make it possible to conduct more effective outreach and marketing to alumni; 3) and give *FIRST* the capacity to conduct regular follow-up studies of its participants in order to better demonstrate impact. This information is critical to *FIRST* because it will provide a roadmap for the organization, guide program implementation and management, and communicate more confidently the impact to schools, sponsors and other groups. In order for *FIRST* to quantitatively state that our programs are positively impacting participating students, corporations, schools and communities we need to collect information on the individual level. The Consent Forms are the only place where *FIRST* collects that type of information.

The goal of the *FIRST* Consent Forms is to ensure the following:

- To get consent and release of liabilities due to harm and/or injury *for FIRST* and *FIRST's* "Cooperating Entities"
- To grant *FIRST* the right to use participant's likeness during the participation in *FIRST* events
- To ensure that agents of *FIRST* and on behalf of *FIRST* can collect and analyze information for us
- To grant *FIRST* the right to contact the Parent/Guardian and participants at a later time for evaluation and/or announce other benefits like alumni outreach efforts

Because we are dealing with youth and youth information, *FIRST* must be in compliance with the US Children's Online Privacy Protection Act (under the age 13) and the Canadian Online Protection Act

**The following form is the only acceptable *FIRST* form for the 2011 FRC events. Remember to bring your competed forms to your initial competition event if your team members have not already completed one online. This is for all the persons on your team. Make sure each person under 18 has a legal parent/guardian sign it also.**
